Admission Notice for Students from Class V to IX for the 2025 Academic Year Through Entrance Examination

Glimpses of the school's Past and Present

It was the month of May, 1897. Swami Akhandananda, one of the renowned disciples of Sri Ramakrishna and very dear to Swami Vivekananda, set out on a journey for the famous places of Bengal towards north along the bank of the Ganges. After crossing Plassey, he reached Dadpur (erstwhile 'Daudpur') village, the famine-stricken faces of which moved him deeply. There he came across a lean Muslim girl weeping piteously for breaking her water pitcher. Being perturbed, Akhandanandji bought her a pitcher and a little 'muri'. Seeing it some other starving boys and girls rushed to him. Akhandanandji spent for them the remaining two annas that he had with him and turned literally penniless. The next day before stepping a foot ahead he perceived the divine words of Thakur Ramakrishna in his heart: 'Where are you going? You have lots of work here.' And then the seed of the plant of "Serving man as God" was sown. Famine had to be fought. Akhandanandji worked day and night. Taking a few boys turned orphans due to the famine, he set up an orphanage at an abandoned hut of 'Chandimandap' in the nearby village of Mahula. After a year, the orphanage was shifted to the 'Kachhari bari' in the village of Shibnagar. About fourteen years later, he established an 'Ashrama' at a land of fifty bighas in the village of Sargachi, purchasing it at a cheap rate from a Muslim zamindar and the orphanage was moved there. The Ashrama continued to expand after his passing away and it presently occupies a hundred bighas of land. Following the instruction of Swami Vivekananda, a Lower Primary School had already been founded in 1900 at Shibnagar by Akhandanandji and it started receiving government grant from the next year. Walking through ups and downs in its long journey of over hundred years that small institution has turned into Sargachi Ramakrishna Mission High School (H.S.) which along with the three units of Primary School is recognised worldwide as the first school of Ramakrishna Mission. Surrounded by ineffable greenery of the Ashrama, the environment of the school is unique in catering to the mental growth of the children.

The primary target of the school is not only to shine academically, but also, to ensure all-round development of the students. Partly residential this school runs at present from class five to class twelve. In spite of many students belonging to first generation learners, the school's result is satisfactory enough every year. Due attention is given to sharpen their sporting skill and to make them interested in cultural and science related

activities. Their success every year in these fields is a matter of glory to us.

Ramakrishna Mission always aims at nurturing perfection in human beings. Let us have a look at the emblem of Ramakrishna Mission and the explanation given by Swami Vivekananda.

"The wavy waters in the picture are symbolic of Karma, the lotus of Bhakti, and the rising sun of Jnana. The encircling serpent is indicative of Yoga and awakened Kundalini Shakti, while the swan in the picture stands for Paramatman. Therefore, the ideal of the picture is that by the union of Karma, Jnana, Bhakti and Yoga, the vision of the Paramatman is obtained."

It is written in Sanskrit: ' तन्नो हंसः प्रचोदयात् (Tanno hamsah prachodayat). '

It means, " May the Supreme Self (the Paramatman) symbolized by the Swan (hamsa), awaken our higher understanding.

Approved by WBBSE and WBCHSE, it is a Bengali medium school only for the boys– irrespective of caste, religion and faith. The school maintains a diary named 'Amar Vidyalaya Diary' for building up proper communication among the students, guardians and teachers.

School Uniform:

Maa Vidvishaa-va hai

Aum Shanti, Shanti, Shanti."

(Taittiriya Upanishad)

Let us be saved together, and be united and strengthened together too. May Brahman protect us both, the preceptor and the disciple. May he nourish us both. May we work together with great energy. May our study be vigorous and fruitful. Let us not be jealous of each other.
